Don't Pedro, Don't!

Pedro Goifman, Confirmed actor has a large experience as the protagonist in movies, TV and streaming on HBOMax and Disney+.

Juliana Iemanjara is a real life app delivery woman.

Fiction Feature
LGBTQIA++ Youth
Developing Project

A study on how shootings by young boys have reached Brazilian schools. A new phenomenon that has particularly affected São Paulo. Pedro is torn between his sexuality and school bullying. At the same time, Iemanjara tries to raise her two children as an app delivery girl and experiences the violence of a cruel system.

Pedro is a scholarship student at an elite school in São Paulo, he loves the poet Hilda Hilst and he's discovering his sexuality with food app delivery boys. lemanjara presents the reality of the life of app delivery people from a woman's perspective, in order to support her children as a solo mother and also take care of her Umbanda house.

Pedro dives into his sexuality as an escape from bullying, discovers gay apps and in this virtual world ends up getting involved with neo-Nazis who make up his mind. He ends the movie by becoming a shooter in an attack on a public school, where lemanjara's young children study.
